STRUTTURALE

## HOW TO REACH SCL

Scl Ingegneria Strutturale  
via Giacomo Carissimi 12, 20124 Milano

Via Carissimi is located in the North-Est of Milano, few minutes away from the Central Station that is easily reachable with the green subway line(MM2).

**From the Central Station** you can reach, Via Carissimi, walking (ca 5 minutes) or with the subway yellow line (MM3), direction Comasina, getting of at the first stop SONDRIO.

**From the subway station MM3 SONDRIO**, exit towards Viale Lunigiana (in the opposite direction of Milano downtown) and you will find yourself in Via Melchiorre Gioia. Keeping your left Via Carissimi will be the second street . Number 12 of Via Carissimi is the green building on your right.

**From the Linate Airport** you can reach Piazza San Babila (Milano downtown) with the bus 73 and then take the red subway line (MM1), direction Bisceglie, for one stop until DUOMO where you can change and take le yellow subway (MM3), direction Comasina, getting of at SONDRIO (See the above direction from MM3 Sondrio)

**From Malpensa Airport** you can take the train "Malpensa Express" (every 30 minutes) that leads you downtown to Cadorna Station or the bus towards the Central Station (ca ogni 10 minuti). From Cadorna with the green subway line (MM2) direction Cologno Gessate, you can reach, after a few stop, the Central Station. (See the above direction from thr Central Station)

From all the locations mentioned above SCL can be reached also by Taxi
